1994 American Eagle Proof Coins

Perhaps no other modern coins exemplify the U.S. Mint's pursuit of perfection and artistic excellence like the 1994 American Eagle Proof Coins.

Inspired by the design of sculptor Augustus Saint-Gaudens, the gold coins harken back to one of the greatest coins in American history, one which President Theodore Roosevelt referred to as "...the best coin that has been struck for 200 years."

The silver coin brings to life the 1916 classic design of A.A. Weinman.

Each coin is struck at least twice using hand-finished dies. The result is a highly detailed image that rises above a mirror-like background.

These mementos of 1994 are available individually or in the prized gold four-coin set. This set will be even more collectible this year because this is the first time that all of the gold coins will bear the "W" mint mark of the West Point Mint.

Coins from top: Gold Eagle Obverse, Gold Eagle Reverse, Silver Eagle Obverse and Silver Eagle Reverse

Augustus Saint-Gaudens' design of "Liberty" went into circulation on the gold twenty-dollar piece. Teddy Roosevelt's dream of having a coin which matched those of ancient Greece was realized.

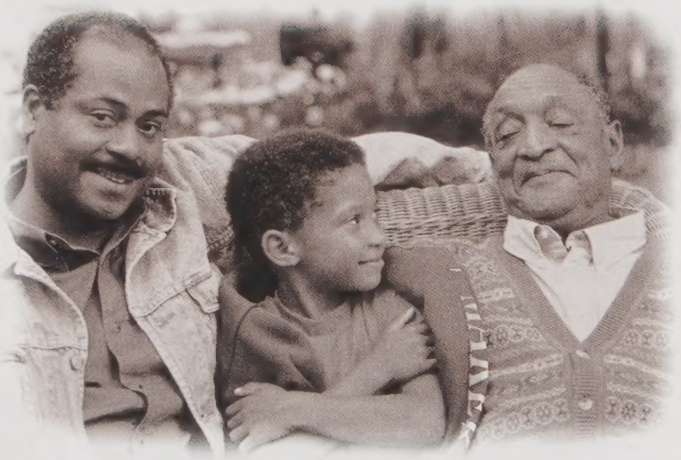
1994 Proof Coin Set

P94



The 1994 Proof Set has history written all over it. This year marks the 200th anniversary of the production of the first United States half dollar. The year after John F. Kennedy's tragic death, the U.S. Mint introduced a half dollar in his honor. On its 30th anniversary, the Kennedy Half Dollar will make the 1994 Proof Set hard to top as a gift to celebrate special occasions.

Proof coins are noted for their detail of design and beautiful finish. From beginning to end, the process for creating these coins is undertaken with great expertise and care.

Each coin bears the "S" mint mark of the San Francisco Mint, and the set includes a Certificate of Authenticity. Also, this year the Proof Set is offered in new green packaging.

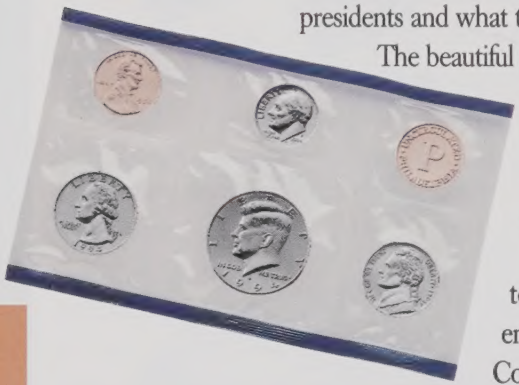
They are the faces of our history – Washington, Jefferson, Lincoln, Roosevelt, Kennedy. We see them in our daily exchange of money. But how often do we stop and think about the faces on these coins? The 1994 Uncirculated Coin Set is a great way to reflect upon these presidents and what they've done for our country.



The beautiful finish of the Uncirculated Coin Set is protected from the elements by Mylar® packaging. The set, which includes ten coins, also contains mint mark pieces from the producing mints – Philadelphia and Denver.

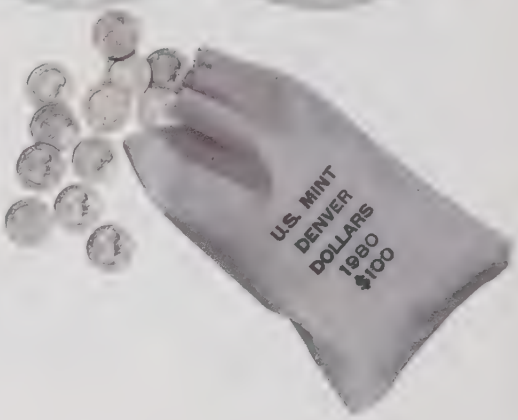
Susan B. Anthony Dollars

It made numismatic history by becoming the first U.S. circulating coin to bear the portrait of a woman other than an allegorical figure. Another first is symbolized on the reverse: the Apollo XI Mission and man's first landing on the moon. The Susan B. Anthony Dollars are available in a six-coin set which includes coins from 1979 and 1980, one each from the Philadelphia, Denver and San Francisco Mints. They are also available in bags of 100 and 2,000 coins by year and producing Mint.



1981 Susan B. Anthony Dollars.

Just released in three-coin sets!

Not minted for general circulation, these dollars were part of 1981 uncirculated sets which included three Susan B. Anthony Dollars, one from each mint. Unsold sets were broken apart and all the coins, except the dollars, were placed in circulation.

Now a limited number of these 1981 Susan B. Anthony Dollars, originally intended as replacements, are offered in three-coin sets, each coin with a different mint mark (P, D, & S). Approximately 40,000 sets are available.

DEPARTMENT OF THE TREASURY
UNITED STATES MINT
WASHINGTON, DC 20220

Greetings from the United States Mint:

With another exciting year coming to a close, I am pleased to introduce the 1994 United States Mint Catalogue. Within these pages you will find a variety of products that appeal to collectors and non-collectors alike.

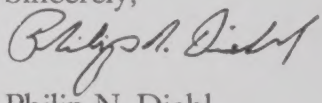
You'll notice that we have entitled the 1994 Catalogue "Living History." In some way all of these coins commemorate great people, places and events in the history of our country. And because all of them bear the year "1994," they can also serve to commemorate special moments in your personal life when given as a gift.

This is a historic year for the U.S. Mint. In 1994 we are celebrating the double anniversary of the half-dollar coin. It is the 200th anniversary of the first U.S. half dollar and the 30th anniversary of the introduction of the John F. Kennedy Half Dollar. That's something to think about when you consider the different coin set offerings.

As a special way of saying thank you, you will receive the Jefferson Memorial Nickel Book free with any purchase of $50 or more.

Please take some time to look over this entire catalogue. Whether you choose to purchase a coin or medal, each has something to offer in addition to true craftsmanship and exquisite beauty.

Sincerely,



Philip N. Diehl
Director
United States Mint

P.S. **If you are thinking of buying U.S. Mint products as gifts for the holiday season, remember to order by November 14, 1994.**
